Company Profile

BRIEF HISTORY

Kadow Business Group is the modern successor of an old and established trading house that specialized in tea & herbs at the turn of the twentieth century. In 1953, the firm went into a cycle of modernization and expansion to face the new challenge of the world trade and international business.

MODERNIZATION & EXPANSION

Since the company acquired its new identity as a leading modern-run company, it diversified in all fields of business on new foundations and lines of management. The company strategy is deeply committed to be an active partner in all aspects of society in real and ingenuous belief in the role of development of the nation. Our experience, for the last 15 years, with international organizations and mutual cooperation with major suppliers and clients, along with a vast network of local affiliates, put us in a unique position to collaborate, introduce and integrate with international companies willing to enter the lucrative and promising Iraqi market. Our Group is deeply involved in the “Reconstruction Iraq Program” and has secured, managed and delivered a sizeable amount of equipment, work and volume in that respect to various ministries, governmental bodies and international organizations active in that program.

AFFILIATIONS

The Group comprises five entities:

- Scope Electromechanical Equipment Co. Ltd.
- WTR General Contracting Co. Ltd.
- Alayan Commercial Agencies Co. Ltd.
- Bidad General Trading & Supplies Co. Ltd.
- Hannoudi Deepwell Drilling Co. Ltd.

All these companies are registered in the Min. of Trade and benefit from a long history in the local market with a track record of achievement.

SPECIALIZATIONS

The diverse activities of the Kadow Business Group cover a wide range of the business specter in the country, namely:

- ✓ **Civil construction;** As partner in the largest private construction company, the Kadow Business Group is directly involved in the construction of numerous projects, with special interest in the restoration of old houses and buildings.
- ✓ **Architectural finishes and interior industrial decoration;** The Group, in collaboration with many international suppliers of techniques and material, endeavors to improve workplace environment and introduce many novel ideas in this filed. The Group has established numerous distribution agreements with world-renown companies for their products and expertise.
- ✓ **Rehabilitation of water treatment plants & sewage pumping stations;** Being a certified UN contractor in Iraq since 1963, the company is directly involved in dealing with this urgent problem that endangers the environment and is in charge of one of the largest rehabilitation programmers in direct partnership with many humanitarian international agencies active in the country.
- ✓ **Manufacturing & maintenance of all types of air-conditioning systems;** Our comprehensive experience and volume ensure us a leading position in the country where the hot tropical climate lasts for most of the year. The need for air conditioning equipment is great both with the private and government sectors alike. The large list includes chillers (water cooled and air cooled), air handling units, package types, split package, split units & window types.
- ✓ **Marketing Consultation;** The Kadow Business Group is actively involved in partnerships with various regional and international companies in the capacity of marketing consultants for business in Iraq.
- ✓ **Real estate development;** The Group owns substantial acreage downtown and in the suburbs of Baghdad that it has earmarked for development as commercial and residential hubs.
- ✓ **Marketing and distribution;** The Group is involved in marketing and distribution of auto parts, milling machines, dies and casting moulds, and other electromechanical equipment.
- ✓ **International partnerships;** The Kadow Group-Emirates is a wholly owned subsidiary based in Dubai that acts as a focal point for international marketing and sourcing. The Kadow Business Group has established a Joint Venture with Tong Woo-Korea, a large engineering and construction firm, to cooperate in the fields of mutual expertise.
- ✓ **Deep well drilling;** By employing experienced staff and crew with well maintained equipment, the Group is active in the field of drilling and developing water wells for drinking and irrigation. The group's experience and dedication, since its initial activity in 1959, are renown in all areas of Iraq.

ACTIVITIES

Our current operations today encompass diverse activities such as; prefab unit installation, providing logistical support to international companies working in Iraq, HVAC equipment supply & installation, total rehabilitation of damaged public buildings and ministries, assessments of infra

structures, promoting products and other services, deep well drilling, and water treatment and supply.

COMMITMENT

The Kadow Business Group is thoroughly committed to the tasks assigned to them, and is highly competent and well qualified to handle all types of activities mentioned above.
